Through in UND

Your Supplier SD-C !

We carry and deliver our country's high-priced heavy industry products from Turkey to 41 countries worldwide using our own trucks and rented trucks!

Our company aims to meet our customers' expectations, achieve actual profitability, balance supplier relationships, educate its employees with current training, and strengthen them through teamwork while improving progress, and fulfill its social responsibilities by ensuring the continuity of high-quality service.

With respectful sales and management, just in time delivery and faultlessness, is our most important policy.

- Exceptional transport requirement needs exceptional quality of service !
- SD-C takes responsibility and shares your risks.
- SD-C provides rational solutions to its customers.
- Discover the positive effects of working with SD-C !

Organized Risk Management !

Every year, we take responsibility for cargo worth millions of Euros!

Do you know ? As SD-C, we insure your cargo up to a value of €2,000,000 for each shipment, taking early action against potential damages and supporting you under all circumstances

International Organization !

We work in coordination with our 24 local agents in 41 countries beyond Turkey ! We address potential issues that our exporter might encounter during delivery processes in their native language with our local agents. We work hard to achieve our zero-defect goal and take pride in our high customer satisfaction.

Strong Communication !

During the sales and operations process, we are with you, and ensuring the correct flow of information is our priority.

Just in time performance !

With proper planning, we provide that the delivery arrives on time, neither early nor late, based on the preparation made for the delivery organization.

Strong Know-How !

For every cargo, we choose the most efficient route and, with optimum prices aim to, achieve maximum customer satisfaction.

What we
